SKILLS

• Languages:	C, C++, JavaScript, PHP, Python
• Frameworks & Libraries:	HTML, CSS, Tailwind CSS, ReactJS, NodeJS
• Tools & Platforms:	MySQL, Git, GitHub, Figma
• Core CS Fundamentals:	DBMS, Operating Systems, Computer Networks, SQL, OOPs
• Soft Skills:	Time Management, Leadership, Problem-Solving, Adaptability

PROJECTS

Recruitment Management System GitHub	Jan 2026 - Feb 2026
- Designed a full-stack recruitment platform enabling companies to post jobs and candidates to apply online. - Implemented secure authentication, job application workflows, and recruiter dashboards. - Enhanced hiring efficiency through real-time job listings, application tracking, and recruiter–candidate interaction. Tech stack: MERN Stack, MongoDB, JWT Authentication, REST APIs.	
Roof Top Rain Assessment Application GitHub	Nov 2025 - Dec 2025
- Developed a web-based system to evaluate rooftop rainwater harvesting potential using real-time rainfall data. - Built backend APIs to process user inputs and generate quick assessments of water collection capacity. - Optimized decision-making for sustainable water usage by providing accurate and instant assessment results. Tech stack: ReactJS, JavaScript, NodeJS, ExpressJS, Web Design.	
Labour Law Compliance Dashboard GitHub	Mar 2025 - Apr 2025
- Created an interactive dashboard to monitor and manage labour law compliance records for organizations. - Integrated backend APIs to store compliance data, track document status, and generate reports. - Improved organizational efficiency by simplifying compliance monitoring and reducing manual documentation. Tech stack: PHP, MySQL, Tailwind CSS, HTML, JavaScript.	

TRAINING

CSE Pathshala -Summer Training Certificate	July 2025
- Completed training in C++ and Data Structures & Algorithms covering OOP, STL, pointers, and file handling - Constructed a To-Do List application in C++ with CRUD operations and file-based data storage. - Applied core DSA concepts to design a simple and efficient task management system. Tech stack: C++, OOP, STL, File Handling, Data Structures & Algorithms.	

CERTIFICATES

• Computational Theory - Infosys Springboard Link	Aug 2025
• Cloud Computing- NPTEL IIT Kharagpur Link	Apr 2025
• Data Structures and Algorithm – NeoColab Link	Dec 2024
• Fundamental of Network Communication – Coursera Link	Sep 2024

CO-CURRICULAR

• Participated in college level Hackathon -Web Hackathon.	Feb 2024
• Maintain personal portfolio site showcasing projects and coding journey	Aug 2024
• Responsive Web Design Developer, representing 300 hours of learning- Free Code Camp	Oct 2023

EDUCATION

Lovely Professional University <i>Bachelor of Technology - Computer Science and Engineering; CGPA: 6.30</i>	Phagwara, Punjab August 2023 - Present
Kendriya Vidyalaya No-1 <i>Intermediate; Percentage: 73.60</i>	Indore, Madhya Pradesh Apr 2022 - May 2023
Kendriya Vidyalaya No-1 <i>Matriculation, Percentage: 80.60</i>	Indore, Madhya Pradesh Apr 2020 - May 2021
